**TRY IT! YOU'LL LIKE IT!**

**TABASCO® CHIPOTLE PEPPER SAUCE.**

In the last few years McIlhenny has expanded their Tabasco line with a variety of choices. The Chipotle sauce is our new favorite. Tabasco Chipotle adds the expected kick to your dishes but also adds a rich, full, dark smokey flavor that you will swear came directly from a crackling campfire.

Available at most local grocers or direct from McIlhenny Company at [www.tabasco.com](http://www.tabasco.com)

**WINE & CHAMPAGNE WAFERS.** You don't have to like wine to love these Wine & Champagne Wafers from Sacramento Cookie Factory. They come in Raspberry Almond for Champagne, Lemon Vanilla and Mocha Chocolate for wine. Wafer thin with a delicate crispness, California Wine Wafers are a perfect complement to your favorite wine or a light, tasty dessert for those times when you just want a little something.

Available at Brennan's in Madison or direct from [www.wafercookie.com](http://www.wafercookie.com)

**NUTS.** Nutorious Gourmet Nut confections are a combination of decadent nuts made in Wisconsin. Our personal favorite is the Cranberry Orange Crunch featuring walnuts, almonds, pecans, and dried cranberries in a delightful sugary, orange coating.

Available at All Through the House in Stoughton, WI, Coffee Drop Shop in St. Charles, IL, and Food-stuffs in Glencoe, IL, or from [Nutoriousnuts.com](http://Nutoriousnuts.com)

**BEEF JERKY.** Silver Creek Beef and Chicken Strips. These unusual meat strips are unique gourmet snacks that are very tasty. The beef strip is made with cranberries and blueberries and the chicken strips come in an Italian Romano cheese flavor and a black bean salsa variety.

Available at Ehlernbach's Cheese Chalet in Deforest, WI or from [www.silvercreekspecialtymeats.com](http://www.silvercreekspecialtymeats.com)

**STAIN STICK.** Oxi Out is for the food that ends up on your clothes instead of in your mouth. You may have been disappointed with other stain sticks but this one works like a charm. We tried it during the normal course of a day on barbeque sauce, mustard, and chocolate, and it performed much better than expected. It comes in two sizes, a .5 ounce and a very convenient .25 ounce size that's about the size of a lipstick tube.

Available online at [OxiBrands.com](http://OxiBrands.com)

**BEEF CHIPS.** They may sound strange, but we loved these chips! Not only beautiful, but healthy and unique enough to be the talk of any picnic or party to which you take them. Papa Lena's handmade specialties also include Roasted Sweet Red Bell Pepper Chips, So-Good Sweet Potato Chips, and Spicy Hot Roasted Poblano Chips. Made with just the vegetable, olive oil, and sea salt.

Available at their retail shop at 1438 W. Chicago Ave., Chicago, IL or online at [PapaLena.com](http://PapaLena.com)

### Salads

#### Bright as Flowers

Bright Jell-O salads are just as good as flowers to sunny-up a table and the faces around it. And something flowers can't do that salads can—they'll see to it that the children and the men-folks eat their fruit and vegetables and get their daily vitamins in ways they like.

#### The Basics of Barbequing

A striking change is taking place in American cooking and entertaining. The backyard barbeque is fast becoming the nation's number one hobby as, each year, more families discover that fun and good fellowship seem to double around an open fire; that nothing is more appetizing than the aroma of food grilling over glowing coals; and that the easy informality of service under the wide sky makes even the most elaborate patio seem carefree.

The taste of charcoal-broiled meats is so delicious that many of us no longer let the end of summer mean good-bye to the "Cook-out." When the snow flies, it becomes the "Cook-in" at the fireplace or at the broiling hearth now so often seen as a feature of new kitchens or family rooms.

Call it barbeque, steak fry, patio party, hot dog roast, or cookout—it is one of the best ways to entertain two or twenty, once you have learned the basic rules for successful cooking and serving outside.

#### Escalating Wedding Costs

It's hard to believe now, when the average wedding costs almost \$30,000 and involves wedding planners, exotic destinations, and six-course dinners, that in 1964 the Festive Foods for Four Seasons from Milwaukee Gas Light Company suggested the following menu for a wedding reception:

## Ponderings on Pie

Oliver Cromwell banned the eating of pie in 1644, declaring it a pagan form of pleasure. For 16 years, pie eating and making went underground until the Restoration leaders lifted the ban on pie in 1660.

Editorial from the *New York Times*, 1902

"It is utterly insufficient (to eat pie only twice a week), as anyone who knows the secret of our strength as a nation and the foundation of our industrial supremacy must admit. Pie is the American synonym of prosperity, and its varying contents the calendar of the changing seasons. Pie is the food of the heroic. No pie-eating people can ever be permanently vanquished."

*In response to an Englishman's suggestion that Americans should reduce their daily pie eating to two days per week.*
